Aims and objectives

What do you wish to achieve by providing regulated activities?

How will your service help the people who use your services?

Please use the numbered bullet points:

1. Provide a high standard of medical care and be committed to our patients needs
2. Act with integrity and complete confidentiality whilst being courteous, approachable, friendly and accommodating
3. Ensure safe and effective services and environment for patients and staff
4. To maintain as a patient centered service through decision making and communication
5. To maintain our motivated and skilled work teams and maintain a high quality of care through continuous learning and training
6. Through monitoring and auditing continue to improve our healthcare services
7. To guide our employees in accordance with diversity and equality
8. To ensure effective and robust information governance systems
9. Treat all patients and staff with dignity, respect and honesty

Our purpose is to provide people registered with the practice with personal health care of high quality and to seek continuous improvement on the health of the practice population overall. We aim to achieve this by developing and maintaining a safe responsible practice which is sensitive to people's needs and expectations and which reflects whenever possible the latest advances in Primary Health Care.
